RE: Compromise of MHBK Intelligence Agents.

XII-736.4

1. On 11 April 1951 Source A reported that recent articles in "Hidveroek" have named several members of MHBK (Comradeship Community of Hungarian Warriors) as informants and spies for Western Intelligence agencies. These articles have seriously hampered the efforts of these persons to aid the Western powers and have gravely endangered the lives of their relatives in Hungary. "Hidveroek" has also revealed that the MHBK is organizing and assisting underground resistance groups behind the Iron Curtain. The author of the most recent article, published around Easter of this year, wrote that he has a complete list of MHBK members and that this list will be published in the near future.

2. This paper was temporarily banned by Occupation authorities in 1949 for publishing false derogatory information about Gustav HENNYEY, head of the Magyar Iroda (Hungarian Office) in MUNICH (M49/Y85).

b. "Hidveroek", publication of the Hungarian Liberty Movement under Ferenc FARKAS, is published and edited by Geza A. FOELDI at 13/a ZANDT, Postfach, Kreis Koetzing.

AGENT'S NOTES: Attention is invited to Orientation and Guidance Report, Headquarters 66th CIC Detachment, Section Four, Part II, paragraphs 148 and 149 which describe the anti-Soviet activities of Hungarian groups in the Western Zones of Germany and Austria. Particular attention is invited to paragraph 148 d (5) which discloses the differences and ever-widening gap of opinion between the groups led by General Ferenc FARKAS and General Andras ZAKO, and to paragraph 148 d (7) which indicates that members of Kopjas (MHBK) are employed by other US intelligence agencies.
